BID, OFFER OR PROPOSAL FOR SALE OR LEASE OF MATERIALS

(Defined at I.C. 36-1-2-9.5)
(Please type or print)

Date: 2-04-91

1. Governmental Unit: City of Fort Wayne
2. County: Allen
3. Bidder (Firm): Turf Specialties Corp.
   Address: 430 W. Cook Road
   City/State: Fort Wayne, IN 46825
4. Telephone Number: 219-489-4360
5. Agent of Bidder (If applicable): Jon F. Fuller

Pursuant to notices given, the undersigned offers bid(s) to City of Fort Wayne (Governmental Unit) in accordance with the following attachment(s) which specify the class or item number or description, quantity, unit, unit price and total amount.

The contract will be awarded by classes or items, in accordance with specifications. Any changes or alterations in the items specified will render such bid void as to that class or item. Bidder promises that he has not offered nor received a less price than the price stated in his bid for the materials included in said bid. Bidder further agrees that he will not withdraw his bid from the office in which it is filed. A certified check or bond shall be filed with each bid if required, and liability for breach shall be enforceable upon the contract, the bond or certified check or both as the case may be.

Bid or Proposal Bond

Ohio Farmers Insurance Co.

Westfield Companies
Westfield Center, Ohio 44251

KNOW ALL MEN BY THESE PRESENTS, THAT WE, TURF SPECIALTIES CORPORATION, 430 W. COOK RD., FORT WAYNE, IN 46825,

as Principal, and the OHIO FARMERS INSURANCE COMPANY, an Ohio corporation, with Principal Office at Westfield Center, Ohio, as Surety, are held and firmly bound unto CITY OF FORT WAYNE, ONE MAIN STREET, ROOM 350, FORT WAYNE, IN 46802

as Obligee, in the penal sum of FIVE PERCENT (5%) OF MAXIMUM BID DOLLARS, lawful money of the United States of America, for the payment of which, well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

SIGNED this 14th day of FEBRUARY 19 91.

WHEREAS the said Principal is herewith submitting proposal for SUPPLYING CHEMICALS & GRASS SEED

NOW, THEREFORE, THE CONDITION OF THE ABOVE OBLIGATION IS SUCH, that if the said Principal shall execute a contract and give bond for the faithful performance thereof, if required, within ..... days after being notified in writing of the award of such contract to Principal, or if the Principal or Surety shall pay the Obligee the sum, not exceeding the penalty hereof, by which the amount of the contract entered into in good faith covering the said proposal, properly and lawfully executed by and between the Obligee and some third party, may exceed the amount bid by Principal, then this obligation shall be void; otherwise it shall remain in full force and effect.

and to bind the Company thereby as fully and to the same extent as if such bonds were signed by the President, sealed with the corporate seal of the Company and duly attested by its Secretary, hereby ratifying and confirming all that the said Attorney(s)-in-Fact may do in the premises. Said appointment is made under and by authority of the following resolutions adopted by the Board of Directors of the Ohio Farmers Insurance Company:

"Be It Resolved, that the President, any Vice-President, any Secretary or any Assistant Secretary shall be and is hereby vested with full power and authority to appoint any one or more suitable persons as Attorney(s)-in-Fact to represent and act for and on behalf of the Company subject to the following provisions:

"Section 1. Attorney-in-Fact. Attorney-in-Fact may be given full power and authority for and in the name of and on behalf of the Company, to execute, acknowledge and deliver, any and all bonds, recognizances, contracts, agreements of indemnity and other conditional or obligatory undertakings and any and all notices and documents canceling or terminating the Company's liability thereunder, and any such instruments so executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed by the President and sealed and attested by the Corporate Secretary." (Adopted at a meeting held on the 3rd day of July, 1957.)

"Be It Resolved, that the power and authority to appoint Attorney(s)-in-Fact granted to certain officers by a resolution of this Board on the 3rd day of July, 1957, is hereby also granted to any Assistant Vice-President." (Adopted at a meeting held on the 13th day of July, 1976.)

This power of attorney and certificate is signed and sealed by facsimile under and by the authority of the following Resolution adopted by the Board of Directors of the Ohio Farmers Insurance Company at a meeting duly called and held on the 9th day of June, 1970:

"Be it Resolved, that the signature of any authorized officer and the seal of the Company hertofore or hereafter affixed to any power of attorney or any certificate relating thereto by facsimile, and any power of attorney or certificate bearing facsimile signatures or facsimile seal shall be valid and binding upon the Company with respect to any bond or undertaking to which it is attached."

In Witness Whereof, OHIO FARMERS INSURANCE COMPANY has caused these presents to be signed by its **Vice President,** and its corporate seal to be hereto affixed this **17th** day of **MAY** A.D., **1990** .

Corporate Seal Affixed

OHIO FARMERS INSURANCE COMPANY

By John J. Adornetto *Vice President*

State of Ohio
County of Medina ss.:

On this **17th** day of **MAY** A.D., **1990** , before me personally came **John J. Adornetto,** to me known, who, being by me duly sworn, did depose and say, that he resides in **Homerville, Ohio;** that he is **Vice President** of OHIO FARMERS INSURANCE COMPANY, the company described in and which executed the above instrument; that he knows the seal of said Company; that the seal affixed to said instrument is such corporate seal; that it was so affixed by order of the Board of Directors of said Company; and that he signed his name thereto by like order.

Notarial Seal Affixed

Date: 2-11-91

1. Governmental Unit: CITY OF FORT WAYNE
2. County:
3. Bidder (Firm): LESCO INC
   Address: 20005 LAKE ROAD
   City/State: ROCKY RIVER OHIO 44116
4. Telephone Number: 800-321-5325
5. Agent of Bidder (if applicable):

Pursuant to notices given, the undersigned offers bid(s) to CITY OF FORT WAYNE (Governmental Unit) in accordance with the following attachment(s) which specify the class or item number or description, quantity, unit, unit price and total amount.

The contract will be awarded by classes or items, in accordance with specifications. Any changes or alterations in the items specified will render such bid void as to that class or item. Bidder promises that he has not offered nor received a less price than the price stated in his bid for the materials included in said bid. Bidder further agrees that he will not withdraw his bid from the office in which it is filed. A certified check or bond shall be filed with each bid if required, and liability for breach shall be enforceable upon the contract, the bond or certified check or both as the case may be.

BID BOND

KNOW ALL MEN BY THESE PRESENTS:

That, LESCO, INC.
20005 Lake Road
of Rocky River, , State of OH 44116
hereinafter called the Principal, and The Continental Insurance Company
hereinafter called the Surety, are held and firmly bound unto City of Fort Wayne
Purchasing Department
Room 350, City County Building
of Fort Wayne, , State of IN 46802
hereinafter called the Obligee, in the sum of Five Percent of Base Bid plus all additive alternates
(5% of Base Bid) Dollars;
for the payment whereof to the Obligee the Principal binds itself heirs, executors, administrators, successors, and assigns, and the Surety binds itself, its successors and assigns, firmly by these presents.

Signed, sealed and dated this 4th day of February, 19 91

Whereas the Principal is herewith submitting the accompanying bid dated February 14, 1991
for Bid #1555
Chemicals and Seed for Parks and Golf Courses

Now, Therefore, the condition of this obligation is such that if the bid be accepted as to any or all of the items of material and workmanship proposed to be furnished thereby, or as to any portion of the same, and if the Principal will, within the period specified therefore, or, if no period be specified, within ten (10) days after notice of the award of the contract, enter into contract with the Obligee, to furnish all work and material at the prices offered by said bid, and will furnish bond with good and sufficient surety or sureties, as may be required, for the faithful and proper fulfillment of such contract, then this obligation shall be void. And the Surety hereby binds itself and its successors to pay to the Obligee, in case the Principal fails to enter into such contract, and give such bond within the period specified therefore, or, if no period be specified, within ten (10) days after such notice of award of contract the difference in money between the amount of the bid of the Principal on the work and material so accepted, and the amount for which the Obligee may contract with others for such work and material, if the latter amount be in excess of the former, but in no event shall the Surety's liability exceed the penal sum hereof.

In Witness Whereof, this instrument has been executed by the duly authorized representatives of the Principal and the Surety.

GENERAL POWER OF ATTORNEY

Know all men by these Presents, That THE CONTINENTAL INSURANCE COMPANY has made, constituted and appointed, and by these presents does make, constitute and appoint

Patricia Ward of Cleveland, Ohio

its true and lawful attorney, for it and in its name, place, and stead to execute on behalf of the said Company, as surety, bonds, undertakings and contracts of suretyship to be given to

All Obligees

provided that no bond or undertaking or contract of suretyship executed under this authority shall exceed in amount the sum of

Ten Million (10,000,000) Dollars

This Power of Attorney is granted and is signed and sealed by facsimile under and by the authority of the following Resolution adopted by the Board of Directors of the Company on the 13th day of January, 1989:

"RESOLVED, that the Chairman of the Board, the Vice Chairman of the Board, the President, an Executive Vice President or a Senior Vice President or a Vice President of the Company, be, and that each or any of them is, authorized to execute Powers of Attorney qualifying the attorney named in the given Power of Attorney to execute in behalf of the Company, bonds, undertakings and all contracts of suretyship; and that an Assistant Vice President, a Secretary or an Assistant Secretary be, and that each or any of them hereby is, authorized to attest the execution of any such Power of Attorney, and to attach thereto the seal of the Company.

FURTHER RESOLVED, that the signatures of such officers and the seal of the Company may be affixed to any such Power of Attorney or to any certificate relating thereto by facsimile, and any such Power of Attorney or certificate bearing such facsimile signatures or facsimile seal shall be valid and binding upon the Company when so affixed and in the future with respect to any bond, undertaking or contract of suretyship to which it is attached."

In Witness Whereof, THE CONTINENTAL INSURANCE COMPANY has caused its official seal to be hereunto affixed, and these presents to be signed by one of its Vice Presidents and attested by one of its Assistant Vice Presidents this 30 day of August, 19 89

Packaged By:
LESCO, INC.
20005 Lake Road, P.O. Box 16915
Rocky River, Ohio 44116

CAUTION

Keep oil container tightly closed in storage to prevent entry of water. Roll drum before use. All horticultural oils interfere with or slow plant transpiration and respiration during the period of evaporation. *Do not apply during periods of drought or when plants exhibit moisture stress.* Do not use in combination with or immediately before or after spraying with dinitro compounds, fungicides such as Captan, Flopet, Dyrene, Karathene, Moresla or any other product containing sulfur. (Do not use with Sevin brand 50W carbaryl on deciduous fruit trees.) Also, do not use with dimethoate.

TANK MIXES

It is important for users to read and follow all directions and restrictions on the labels of the proposed tank mix products.

ORNAMENTAL PLANTS

Oil might remove the glaucus (blue) bloom from such evergreens as Colorado blue spruce and Koster spruce. Use with caution and reduced dosage for summer application on Japanese Red Maple, Amur Maple and Black Walnut. Use with caution and reduced dosage for dormant application on Sugar Maple and Redbud.

CITRUS

Oils applied after October may increase cold damage to trees; applied in August and September may affect solid contents, retard color.

TIMING THE TREATMENT

You must determine the precise timing to fit local growth and climatic conditions.

MIXING DIRECTIONS

Add sufficient water to the mixing tank to allow proper agitation. Maintain agitation until solution is used. If other pesticides are to be added, do so after the water and oil have been thoroughly mixed.

RE-ENTRY STATEMENT

Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons. Do not enter treated areas without protective clothing until sprays have dried. Becusse certain states may require more restrictive re-entry intervals for various crops treated with this product, consult your State Department of Agriculture for further information.

Written or oral warnings must be given to workers who are expected to be in treated areas or in an area about to be treated with this product. When oral warnings are given, warnings shall be given in a language customarily understood by workers. Written warnings must include the following information:

"**CAUTION**" - Area treated with Superior Oil on (date). Do not enter without appropriate protective clothing until sprays have dried. In case of accidental exposure refer to Statements of Practical Treatment found on this product label.

TERMS

Seller's guarantee shall be limited to the terms of the label and subject thereto the buyer/user accepts the product on these conditions. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control o the seller.

USES

1. For use as a carrier for Bacillus thuringiensis when applied through a mist blower or cold fog machine.
2. May be used with Ethion and Parathion* to obtain two modes insecticidal action.
3. May be used with Permethrin on cotton only.
4. May be used in a tank mix with Lorsban on apples, pears, plums, prunes, peaches, sweet corn and field corn.
5. May be used in a tank mix with Supracide* on apples, pears, plums, prunes, pecans, peaches, ornamentals including shade trees and shrubs, citrus (oranges, grapefruit, lemons).
6. May be used as a spreader or carrier for certain synthetic organic insecticides applied for pest control in/on habitable building.

*Note: Supracide and Parathion are "Restricted Use Pesticides."

CONTROLS

A wide range of mite and insect pests in the egg stage such as: spider and enophyid mites, armored and soft scales, mealy-bug, psyllids, whiteflies, aphids, leafrollers, leafliers, webworms, cankerworms, plant bugs, leafhoppers, and adelgids. Will kill other immature forms if spray covers the insect.

WARRANTY

LESCO warrants that this insecticide conforms to the chemical description on its label. When used in accordance with label directions under normal condition, this insecticide is reasonably fit for its intended purposes. Since timing, method of application, weather, plant, and solid conditions, mixture with other chemicals, and other factors affecting the use of this product are beyond our control, no warranty is given concerning the use of this product contrary to label directions or under conditions which are abnormal or not reasonably forseeable. The user assumes all risks of any such use.

EPA REG. NO. 862-11-10404
EPA EST. NO. 10404-OH-02

PRECAUTIONARY STATEMENTS

WARNING

Hazards to Humans and Domestic Animals

May be fatal if swallowed. May be absorbed through skin. Do not breathe spray mist. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. Avoid contamination of food. Do not use on humans or permit children to go onto sprayed grass until spray has completely dried.

Statement of Practical Treatment

If swallowed - Call a physician immediately. **DO NOT INDUCE VOMITING UNLESS NO OTHER TREATMENT IS AVAILABLE.** Vomiting may cause aspiration pneumonia. If it is necessary to induce vomiting, give victim one or two glasses of water and insert finger in back of throat. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

If inhaled, remove victim to fresh air and apply artificial respiration if indicated.

If on skin, wash promptly with soap and water. Rinse thoroughly.

If in eyes, rinse eyes with plenty of water and call a physician immediately.

Note to Physician: Gastric lavage is indicated. Contains a petroleum-based solvent which presents aspiration hazard. Atropine sulfate and 2-PAM are specific antidotes.

Environmental Hazards

This product is toxic to birds, fish, and wildlife including waterfowl. Birds and waterfowl feeding or drinking on treated areas may be killed. Apply this product only as specified on label. Do not exceed maximum permitted label rates, as rates above the those recommended significantly increase potential hazards to birds and waterfowl. Avoid overlapping of sprays. Where irrigation (watering) is recommended apply a minimum of 0.25" of water immediately after application. Stop irrigation before puddling occurs. Keep out of lakes, streams, ponds, tidal marshes and estuaries (except for effluence from treated watercress beds). Do not apply to water that will be used for recreational purposes and human and livestock consumption. Shrimp and crab may be killed at application rates recommended on this label. Do not apply where fish, shrimp, crab, and other aquatic life are important resources. This product must not be used in areas where impact on threatened endangered species is likely. Contact your State Fish and Game Agency for information pertaining to areas having threatened endangered species. Apply this product only as specified on this label. This pesticide is highly toxic to bees exposed to direct treatment or to residues remaining on the treated area. Do not apply when bees are actively visiting the crop, cover crop, or weeds blooming in the treatment area. Applications should be timed to provide the maximum possible interval between treatment and the next period of bee activity.

Physical or Chemical Hazards

Do not use, pour, spill, or store near heat or open flame.

General Information

Lesco Diazinon 500 is an emulsifiable solution which when diluted with water according to directions, is intended for the control of insect pests on turf and ornamentals. Do not use in barns or dwellings. Do not use on livestock. In the directions for use which follow, best control is obtained when application is made at the first sign of insects. Application should be repeated as necessary to maintain control.

Directions for Use and Conditions of Sale

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING. Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Failure to follow the Directions for Use and Precautions on this label may result in poor insect control or crop injury.

STORAGE AND DISPOSAL

A. STORAGE INSTRUCTIONS:
Store in original container only, separate from other pesticides, fertilizer, food and feed. Do not store near open flame or heat sources.

B. PESTICIDE DISPOSAL INSTRUCTIONS:
Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

C. CONTAINER DISPOSAL INSTRUCTIONS:
METAL – Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
PLASTIC – Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Range, Pasture, and Grassland Insects

Unless otherwise stated, Lesco Diazinon 500 should always be applied as a spray in a minimum of 1 gal. of water per acre for aerial applications and a minimum of 5 gals. of water per acre for ground applications.

Bermudagrass and Forage Grasses (other than Range and Pasture Grasses)

Thrips, Whiteflies, Grasshoppers: Apply 1 pt. per acre. Dairy and beef cattle and sheep (1) may be grazed immediately following application; (2) may be fed green forage immediately following cutting. Forage grasses may be cut for hay 7 days following treatment. Do not repeat application for 30 days.

Ornamental Insect Control

To control certain insects on Arborvitae, Azalea, Birch, Boxwood, Camellia, Carnation, Chrysanthemum, Douglas Fir, Elm, Gladioli, Hawthorn, Holly, Juniper, Lilac, Locust, Maple, Oak, Pine, Plum, Poplar, Rhododendron, Rose, Spruce, and Willow; apply the recommended rates indicated as follows:

Insects	Rate Per 3 gals. water	Rate Per 100 gals. water
Aphids, Bagworms, Carnation Bud Mites, Carnation Shoot Mites, Clover Mites, Cyclamen Mites, Dipterous Leaf-miners, European Pine Shoot Moths, European Red Mites, Flea Beetles, Holly Bud Moths, Leafhoppers, Obscure Root Weevils, Omnivorous Leaftiers, Privet Mites, Scale Crawlers (Cottonycushion, Lecanium, Pine Needle, San Jose, Soft), Thrips, Twospotted Mites, Webworms, Whiteflies	½ fl. oz.*	1 pt.**
Apple-and-Thorn Skeletonizers, Cottoneaster Webworms, Fall Webworms, Hemlock Chermes, Oak Loopers, Obliquebanded Leafrollers, Pear Slugs, Tent Caterpillars	1½ fl. oz.	3 pts.**

* 1 fl. oz. = 2 tablespoons **16 fl. oz. = 1 pint

Do not use on Ferns, Poinsettia, Hibiscus, Papaya, Pilea, and Gardenia since injury to the plants may occur. Mimosa Webworms: Mix ⅛ fl. oz. in 3 gals. water (or 1 pt. in 100 gals. water) and apply as a thorough foliar spray when adults first appear. Make a second application at 4-5 week intervals.

NET CONTENTS: ☐ 1 GAL. #001343 ☐ 5 GAL. #001006 ☐ 30 GAL. #007230 ☐ 55 GAL. #007243

Lawn Insect Control

To control insects listed below, apply recommended rates. For control of Ants, Brown Dog Ticks, Clover Mites, Crickets, Earwigs, Fleas, Millipedes, Sowbugs, and Springtails (Collembola), which are commonly found near the house and may enter the house, spray a 5 ft. band of soil around the house, as well as the house foundation wall to a height of 2-3 feet. Repeat application if necessary.

Insects	Rate/1000 sq. ft. Lesco Diazinon 500	Water	Remarks
Lawn Chinch Bugs	2-3 fl. oz. or 3-6 fl. oz.	25 gals.*	Use high rate for longer residual control and in lawns of dense growth, such as St. Augustine lawns.

*Or, make application in 3 gals. of water per 1000 sq. ft. and thoroughly water immediately following application.

Insects	Rate/1000 sq. ft. Lesco Diazinon 500	Water	Remarks
Ants, Armyworms, Clover Mites, Springtails (Collembola), Crickets, Cutworms, Digger Wasps, Earwigs, Frit Flies, Lawn Billbugs, Sod Webworms (Lawn Moths), Sowbugs	2-4 fl. oz.	3 gals.	Spot spray ant hills and wasp ground nest to openings. For lawn billbugs, irrigate the lawn thoroughly immediately after treatment. For frit flies, mow grass and water well before treatment but delay application until grass is dry. Do not water again until necessary.
Brown Dog Ticks, Bermuda Mites, Chiggers, Fleas, Leafhoppers	1¼ fl. oz.	3 gals.	Do not apply to animals. For brown dog ticks, spray grass and under shrubbery, particularly near house.

Insects	Rate/1000 sq. ft. Lesco Diazinon 500	Water	Remarks
Millipedes	8 fl. oz	3 gals.	
Rhodesgrass Scales	5 fl. oz.	25 gals.*	Apply when crawlers first emerge.

* Or make application in 3 gals. water per 1000 sq. ft. and thoroughly water immediately following application.

Rangeland, Pasture, Ditch Banks, Roadsides, Wasteland, Non-crop Areas, Barrier Strips

Grasshoppers: Apply ¾-1 pint per acre in water or oil (minimum of 1 gal. of oil per acre) when insects first appear preferably in the nymphal stage. Thorough coverage of the foliage is essential.

Dairy and beef cattle and sheep (1) may be grazed immediately following application; (2) may be fed green forage immediately following cutting, and (3) may be fed hay provided grass is not cut for hay for 21 days if the spray is a water solution or for 30 days if the spray is an oil solution. Do not spray livestock directly with either air or ground equipment. Do not repeat application for 30 days.

Boxelder Bugs: Spray bugs outside the home with 1¼-2¼ fl. oz. (2½-5 tablespoons) in 1 gal. water. At the same time, thoroughly spray around foundation, windows, doors, tree trunks, and into cracks and other places where the insects hide.

Billbugs, White Grub (such as Japanese Beetle Larvae, European Chafer, Southern Chafer): Apply 4 fl. oz. per 1000 sq. ft. of lawn. Water grass thoroughly after application. For grub control make application any time between late July and early October. For billbug control apply when activity is first observed or when chewed brown grass is present, indicating damage from this insect.

Hyperodes Weevil (New York only): Apply 3 fl. oz. per 1000 sq. ft. of grass. Water grass thoroughly after application. Treat problem areas in mid-April and again in mid-May.

Ataenius Spretulus (Ataenius Beetle) (Ohio, West Virginia only): Apply 4 oz. per 1000 sq. ft. of lawn in spring or early summer when damage is first noticed. Water grass thoroughly with ¼-½ inch of water after application. Treat again in late summer or early fall if a second generation occurs.

WARRANTY

LESCO warrants that this insecticide conforms to the chemical description on its label. When used in accordance with label directions under normal conditions, this insecticide is reasonably fit for its intended purposes. Since timing, method of application, weather, plant and soil conditions, mixture with other chemicals, and other factors affecting the use of this product are beyond our control, no warranty is given concerning the use of this product contrary to label directions or under conditions which are abnormal or not reasonably forseeable. The user assumes all risks of any such use.

Rev. 3/86 3841267W

TREES AND ORNAMENTALS

For control of certain insects on trees, ornamentals, woody plants and shrubs, apply the recommended amount of SEVIN brand SL Carbaryl Insecticide in 100 gallons of water. Use hand or power-operated sprayer to wet leaves and twigs to the dripping point. Do not use on Boston ivy, Virginia creeper and meadowhair fern. During early season it may also injure Virginia and sand pines.

INSECT			OUNCES OF SEVIN BRAND SL/ 100 GALLONS	SPECIFIC DIRECTIONS
Ants Apple aphid Ambermoth Azalea lacebugs Bagworms Birch leafminer Blister beetle Boxelder Bug Boxwood leafminer Brown tail moth Carpenterworm Catalpa sphinx Chiggers Cutworms Cypress tip moth Eastern spruce gall adelgid Elm leaf aphid Elm leaf beetle Elm spanworm Emerald moths European pine shoot moth Fall armyworm Flea beetles Fuchsia gall mite Fuller rose beetle Gall midges Gall wasps Green striped mapleworm	Grasshoppers Gypsy moth Hackberry nipplegall maker Holly leaf moth Holly leafminer Japanese beetle Japanese beetle Jumping plant lice/psyllids June beetles Lace bugs Leafhoppers Leafrollers Locust borer Maple leafcutter Mealybugs Mimosa webworm Nantucket pine tip moth Oak leafrollers Oak leaf skeletonizer Oak moth Oleander caterpillar Olive ash borer Omnivorous leafroller Orange tortrix Periodical cicada Pine looper	Pine sawfly Pine spittlebug Pitch pine tip moth Plant bugs Poinsettia bud worm Psyllids Pine caterpillar Redhumped caterpillar Rose aphid Rose chafer Roseslug Seaside pinesprout Sawfliet (unspecified) Scale insects Sowbugs Spiny elm caterpillar Spongillids Spruce needleminers Subtropical pine tip moth Tent caterpillar Thrips (unspecified) Tortrix Tree hoppers Walnut caterpillar Webworms Western hemlock looper Willow leaf beetles Yellow poplar weevil	1	Observe plant response precautions. Apply dilute sprays to obtain thorough coverage of upper and lower leaf surfaces. To control scale insects, bark thrips, mites and bugs in addition to plant foliage, for optimum worm control, treat when in early instars. Addition of a spreader may improve residual control. Applications for control of Maple leafcutter on sugar maple should be made when larvae are in 2nd instar after dusting, and as cases are being formed. DO NOT ALLOW PUBLIC USE OF TREATED AREAS DURING APPLICATIONS OR UNTIL SPRAYS HAVE DRIED.
Balsam twig aphid Cooley spruce gall adelgid Douglas fir beetle moth	Spruce budworm Western Spruce budworm		1 to 2	Use the higher rate when large broods or heavy populations are present.
Ips engraver beetle Mountain pine beetle Roundnecked pine beetle Spruce Beetle Western pine beetle			16	Effective for beetle control or as a protective treatment. Apply 1 gal. of spray per 50 sq. ft. of bark prior to beetle flight or host tree attack. Treat when beetle's brood gnawed hole, small black dispersal of less than 1/8" Repeat treatments as needed.
Elm Bark Beetle				Apply approximately 30-35 gal. of spray mixture for each 30 feet of elm tree for thorough coverage of all bark surfaces on trunks, limbs and twigs.

LAWNS AND RECREATIONAL AREAS

For control of certain turfgrass pests, apply the recommended rates in sufficient spray volume for thorough coverage and turf thatch penetration. Where a dosage range is indicated, use the higher rate on large pest populations, advanced instars and dense vegetation. Repeat treatment as necessary. Do not allow public use of treated areas during applications or until sprays have dried.

SITE	INSECT		AMOUNT OF SEVIN BRAND SL fl. oz/1000 sq. ft	quarts/acre	SPECIFIC DIRECTIONS
Turfgrasses	Ants Armyworms Centipedes Chiggers Cutworms Earwigs Elbow Maggot European chafer Fall armyworm Fiery skipper Grasshoppers Green June beetle grub	Japa Beetles Leafhoppers Lucerne moth Millipedes Mosquitoes (adults) Sowbugs Spittlebugs Springtails Ticks Yellowstriped armyworm	1½ to 2	2 to 4	For Armyworm, Cutworm and Fall Armyworm Control: Do not irrigate treated areas following insecticide application. For Green June Beetle Grub Control: Make applications when grubs are feeding near the soil surface. Water or irrigate turf grasses soon after treatment.
	Chinch bugs Sod Webworms (Bluegrass)		4.4 to 8	8 to 8	For Chinch Bug Control: Treat entire grass area rather than just damaged areas. Irrigation of turf grass areas before treatment and aid in penetration of insecticide into turf grass. For Sod Webworm Control: Do not irrigate treated areas following insecticide application.
	Bluegrass billbug Moss European crane fly		6	8	For European Crane Fly Control: Treatments should be applied in early spring, April 1 to April 15, or as recommended by local Agricultural Extension Service agents. Water or irrigate turf grasses thoroughly soon after treatment.
	White grubs (such as Japanese beetle, Chafer beetle and Phyllophaga spp. larvae)		8	8	For White Grub Control: Applications should be made when grubs are feeding near the sod surface, usually during late March through May or July to early September, or as recommended by local Agricultural Extension Service Agents. Water or irrigate turf grasses thoroughly soon after treatment.

ADULT MOSQUITO CONTROL

For dilute-spray ground applications to trees (including shade trees, shelter belts, forests, plantations, parks and recreational areas), ornamentals, woody plants and shrubs, apply the specified dosage per 100 gallons of water. For concentrate-spray ground applications, apply the specified dosage per acre in sufficient spray volume to provide thorough coverage. To prepare small volumes of spray, use 1 tablespoon (½ fluid ounce) of SEVIN brand SL Carbaryl Insecticide per gallon of water, where rates of 1 quart are indicated.

SITE	OUNCES OF SEVIN BRAND SL/100 GALS.	SPECIFIC DIRECTIONS
Forests, Rangelands, Parks, Recreational Areas, Logging Camps, Military Posts, and Adjacent Forested lands or rangelands	½ to 1 (½ to 1 tablespoons per gallon)	DO NOT ALLOW PUBLIC USE OF TREATED AREAS DURING APPLICATIONS OR UNTIL SPRAYS HAVE DRIED. CAUTION! May kill shrimp and crabs. Do not use in areas where these are important resources. OBSERVE BEE CAUTION. Treat in evening and at sites where adult mosquitoes congregate. Treat when adult mosquitoes are active or early morning or late evening. Repeat at 7 to 10 day intervals. Use ½ to ¾ quart per 100 gallons of molasses, and 1 quart per acre in the pressure ground sprayers.
	25	For residual control or outbreaks of regrow apply 4 gallons of prepared spray per 2000 square feet of surface area. Repeat in 5 to 8 months or when necessary.

LESCO SEVIN® Brand SL

Carbaryl Insecticide - 4 pounds/gallon

SEVIN® is a registered trademark of Union Carbide Corporation for carbaryl insecticides.

CAUTION

KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS

CAUTION

Hazards to Humans and Domestic Animals

May be harmful if swallowed. OVEREXPOSURE MAY CAUSE: Salivation, watery eyes, pinpoint eye pupils, blurred vision, muscle tremors, difficult breathing, excessive sweating, abdominal cramps, nausea, vomiting, diarrhea, weakness, headache. In severe cases convulsion, unconsciousness and respiratory failure may occur. Signs and symptoms occur rapidly following overexposure to the product.

Avoid breathing spray mist. Do not take internally. Avoid contact with eyes, skin or clothing. Wear regular long-sleeved work clothing and head covering when mixing, overhead applications. Change to clean clothing daily. Bathe and wash hair after each work day. Do not eat, drink or use tobacco while working with this product or spray solutions. Wash hands and face before eating, drinking or using tobacco. Keep out of reach of children and domestic animals.

ANTIDOTE STATEMENT

ATROPINE SULFATE IS HIGHLY EFFECTIVE AS AN ANTIDOTE. Narcotics and other sedatives should not be used. Further, drugs like 2-PAM (pyridine-2-aldoxime methiodide) are NOT recommended. See NOTE TO PHYSICIAN below.

STATEMENT OF PRACTICAL TREATMENT

GENERAL

Contact a physician immediately in all cases of suspected poisoning. Transport to a physician or hospital immediately and SHOW A COPY OF THIS LABEL TO THE PHYSICIAN. If poisoning is suspected in animals, contact a veterinarian.

IF SWALLOWED: Never give anything by mouth to an unconscious or convulsing person. If conscious and not convulsing, drink 1 to 2 glasses of water and induce vomiting by touching back of throat with finger.

IF IN EYES: Flush eyes with plenty of water. Get medical attention if irritation persists.

IF ON SKIN: Wash thoroughly with soap and water.

IF INHALED: Move from contaminated atmosphere and call a physician.

NOTE TO PHYSICIAN

Carbaryl is a carbamate insecticide, which is a cholinesterase inhibitor. Overexposure to this substance may cause toxic signs and symptoms due to stimulation of the cholinergic nervous system. These effects of overexposure are spontaneously and rapidly reversible. Gastric lavage may be used if this product has been swallowed. Carbaryl poisoning may occur rapidly after ingestion and prompt removal of stomach contents is indicated.

Specific treatment consists of parenteral atropine sulfate. Caution should be maintained to prevent overatropinization. Mild cases may be given 1 to 2 mg intramuscularly every 10 minutes until full atropinization has been achieved and repeated there after whenever symptoms reappear. Severe cases should be given 2 to 4 mg intravenously every 10 minutes until fully atropinized, then intramuscularly every 30 to 60 minutes to maintain the effect for at least 12 hours. Dosages for children should be appropriately reduced. Complete recovery from overexposure is to be expected within 24 hours.

Narcotics and other sedatives should not be used. Further, drugs like 2-PAM (pyridine-2-aldoxime methiodide) are NOT recommended.

To aid in confirmation of a diagnosis, urine samples should be obtained within 24 hours of exposure and immediately frozen. Consultation on diagnosis, therapy and analysis can be obtained at all hours by calling the Union Carbide emergency number 1-800-UCC-HELP.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to aquatic and estuarine invertebrates. Do not apply directly to water and wetlands. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning equipment or disposal of wastes.

BEE CAUTION: MAY KILL HONEYBEES IN SUBSTANTIAL NUMBERS. This product is highly toxic to bees exposed to direct treatment or blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area. Contact your Cooperative Agricultural Extension Service or your local Union Carbide Agricultural Products Company representative for further information.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read this label before use. Strictly observe label directions and cautions. Any applicable federal and state regulations. Do not use on any crop not listed on this label or supplemental labeling as any residues remaining may be illegal or harmful.

STORAGE AND DISPOSAL

Storage: Store unused SEVIN brand SL Carbaryl Insecticide in original containers only, in cool, dry, area out of reach of children and animals. Do not store in areas where temperatures frequently exceeds 100°F. SEVIN brand SL Carbaryl Insecticide may be used following exposure to several freeze-thaw cycles. If container is damaged, before cleaning up, put on long-sleeved shirt, full length trousers, head covering, and protective gloves.

Pesticide Disposal: Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If container is burned, stay out of smoke.

APPLICATION

For all applications, use sufficient gallonage to obtain thorough and uniform coverage. Observe label instructions for specific directions regarding spray volume where they occur. Calibrate spray equipment to deliver the required volume. Use 50 mesh slotted strainers in spray system and 25 mesh slotted strainers behind nozzles.

To clean spray system after use, drain and flush with a water and detergent mixture. Rinse thoroughly with clean water. Refer to Storage and Disposal directions for disposal instructions.

GENERAL INFORMATION

SEVIN® brand SL Carbaryl Insecticide is a suspension of microfine SEVIN brand Carbaryl insecticide in an aqueous medium. It readily disperses in water to form a spray which may be applied with hand or power-operated sprayers.

PRE-HARVEST INFORMATION AND LIMITATIONS

Tolerances established under the Federal Food, Drug and Cosmetic Act permit the sale of crops bearing probable carbaryl residues when this product is used in accordance with the label directions. Do not apply at greater rates or at more frequent intervals than are stated on the label.

PLANT RESPONSE PRECAUTIONS

To avoid possible injury to tender foliage, do not apply to wet foliage or during periods of high humidity.

Do not use on Boston ivy, Virginia creeper and meadowhair fern as injury may result. Carbaryl may also injure Virginia and sand pines.

SPRAY PREPARATION

TO ASSURE A UNIFORM SUSPENSION, AGITATE, STIR OR RECIRCULATE ALL CONTAINERS OF THIS PRODUCT PRIOR TO USE. Remove oil, rust, scale, pesticide residues and other foreign matter from mix tanks and entire spray system. Flush with clean water. Fill spray or mix tank with ½ to ¾ the desired amount of water. Start mechanical or hydraulic agitation. Slowly add the required amount of SEVIN® brand SL Carbaryl insecticide, and then add the remaining volume of water. Include rinse water from containers. Prepare only as much spray mixture as can be applied on the day of mixing. MAINTAIN CONTINUOUS AGITATION DURING MIXING AND APPLICATION TO ASSURE A UNIFORM SUSPENSION. DO NOT STORE SPRAY MIXTURE FOR PROLONGED PERIODS OR DEGRADATION OF CARBARYL MAY OCCUR. Local water conditions may also accelerate the degradation of spray mixtures containing carbaryl. See COMPATIBILITY STATEMENT at right.

NET CONTENTS: ☐ 1 Gal. #011170 ☐ 1 Case (6) #011180 ☐ 5 Gal. #013104 ☐ 55 Gal. #013117

Manufactured for:
LESCO, INC.
20005 Lake Road, P.O. Box 16915
Rocky River, Ohio 44116

Rev 4/84 3650910W

COMPATIBILITY

SEVIN® brand SL Carbaryl Insecticide, when diluted with at least an equal volume of water, is compatible with a wide range of pesticides. It is not compatible with diesel fuel, kerosene, fuel oil or aromatic solvents. If compatibility with another product and the resulting crop response is unknown, the mixture should be tested on a small scale. Curdling, precipitation, greasing, layer formation or increased viscosity are symptoms of incompatibility. Incompatibility will reduce insect control and may cause application and handling difficulties or plant injury. Observe all cautions and limitations on labeling of all products used in mixtures. WHEN PREPARING COMBINATION SPRAYS, FIRST ADD SEVIN® BRAND SL CARBARYL INSECTICIDE TO AT LEAST AN EQUAL VOLUME OF WATER, MIX THOROUGHLY, AND THEN ADD COMBINATION PRODUCTS TO THE MIXTURE. DO NOT APPLY TANK MIX COMBINATIONS UNLESS YOUR PREVIOUS EXPERIENCE INDICATES THE MIXTURE IS EFFECTIVE AND WILL NOT RESULT IN APPLICATION PROBLEMS OR PLANT INJURY.

Carbaryl is unstable under highly alkaline conditions and mixtures with strong bases, such as Bordeaux, lime-sulfur and casein-lime spreaders, will result in chemical degradation of the insecticide. Do not use this product or water with pH values above 8.5 unless a buffer is added if necessary, water should be buffered to neutral (pH = 7.0) before adding the product to the spray tank. Overhead irrigation with alkaline or muddy water after application will also accelerate chemical degradation and may result in reduced insect control.

INSECT CONTROL

Apply when insects or their damage appears. To maintain control repeat at 7 to 14 day intervals or as necessary unless a shorter interval is specified below. Where a dosage range is indicated, use the lower rate on light to moderate infestations, young plants and early instars and the higher rate on heavy infestations, mature plants, advanced instars and adults. Thorough and uniform spray coverage is essential for effective control.

NOTE: All references to armyworm on the crops listed below refer to the species, Pseudaletia unipuncta, often called the "true armyworm". Except where indicated otherwise, the product is not registered for the control of other armyworm species. Regional differences have been noted in the susceptibility of certain strains of fall armyworm to carbaryl. If local experience indicates inadequate control, use an alternative pesticide.

PEST CONTROL IN AND AROUND BUILDINGS

GENERAL INFORMATION

NOTE: Staining may occur on certain surfaces such as stucco, brick, cinder block and wood. Therefore, applications of SEVIN® brand SL Carbaryl Insecticide to surfaces where a noticeable stain or discoloration is objectionable should be avoided. Do not apply to carpets or draperies as staining may occur. Care should also be exercised to avoid spotting of wallpaper and fabrics.

Do not use this product in commercial food areas of food handling establishments, restaurants or other places where food is prepared or processed. Do not use in serving areas while food is exposed.

INDOORS

ANTS/CRICKETS/FIREBRATS/SILVERFISH: Mix 3 oz. SEVIN® brand SL Carbaryl Insecticide per gallon of water and apply as fine, low pressure (20 psi) spot spray or as crack and crevice application to areas where these pests hide, such as baseboard, storage areas, closets, around water pipes, doors and windows, behind and under refrigerators, cabinets, sinks, stoves, dishwashers, hot water heaters, the undersides of shelves, drawers and similar areas. For ants, apply to ant trails, around doors and windows and other places where ants enter premises.

BEES and WASPS: Mix 3 oz. SEVIN® brand SL Carbaryl Insecticide per gallon of water and thoroughly spray nest and entrance and surrounding areas where insects alight. It is generally advisable to spray the nests in the evening when the insects are less active and have returned to the nest. For best results, check nest carefully one or two days after spraying to ensure a complete kill, then remove and destroy nest to prevent emergence of newly hatched insects.

BROWN DOG TICKS and FLEAS: Mix 3 oz. SEVIN® brand SL Carbaryl Insecticide per gallon of water and thoroughly spray infested areas such as pet beds and resting quarters, nearby cracks and crevices, between and under cushions of upholstered furniture, along and behind baseboards, window and door frames and other areas where these pests may be present.

CARPENTER ANTS: Mix 3 oz. SEVIN® brand SL Carbaryl Insecticide per gallon of water and apply to ant trails, around doors and windows and other places where ants enter premises. Where possible, apply SEVIN® brand SL Carbaryl Insecticide directly to ant nest or infested wood.

CENTIPEDES/EARWIGS/MILLIPEDES/SCORPIONS: Mix 3 oz. SEVIN® brand SL Carbaryl Insecticide per gallon of water and apply around water pipes, doors and windows, and other places where these pests may enter premises. Spray baseboards, storage areas, garages, carports, basements and other areas where these pests are found.

COCKROACHES: Efficacy varies with species sensitivity. SEVIN® brand SL Carbaryl Insecticide is generally not highly effective in controlling German cockroaches. However, the following may be controlled with the rates as stated: American roach, Australian roach, Brown roach, Smoky brown roach, and others. Mix 3 oz. SEVIN® brand SL Carbaryl Insecticide per gallon of water and apply as a fine, low pressure (20 psi) spot spray or as a crack and crevice application to areas where these pests hide, such as baseboards, storage areas, closets, around water pipes, doors and windows, behind and under refrigerators, cabinets, sinks, stoves, dishwashers, hot water heaters, the undersides of shelves, drawers and similar areas.

SPIDERS: Mix 3 oz. SEVIN® brand SL Carbaryl Insecticide per gallon of water and apply to infested baseboards, window and door frames, corners, pipes, storage areas, attics and under eaves. Make spot applications to other areas where these pests are present.

OUTDOORS

PERIMETER TREATMENT: Residual spray for control of ants, bees and wasps, brown dog ticks, carpenter ants, centipedes, cockroaches, crickets, earwigs, firebrats and silverfish, fleas, millipedes, scorpions and spiders. Mix 16 oz. SEVIN® brand SL Carbaryl Insecticide per 50 gallons of water and apply via power spray or other spray methods.

To help prevent infestations of buildings by the above pest, outside perimeter treatments should be on a band 6 to 10 feet wide and centered to shrub beds, foundation plantings and lawn or soil areas immediately adjacent to the structure. Direct application to structures should be minimal and restricted to cracks and crevices and other areas where insects tend to congregate.

IMPORTED FIRE ANTS: For lawns, cemeteries, and recreational areas (including turf, golf courses and parks), pastures, rangeland, forestland and wasteland: Mix 1¼ pints of SEVIN® brand SL Carbaryl Insecticide per 50 gallons of water (1¼ tablespoons per gallon). Apply a total of 2 gallons of the diluted solution over the surface of each mound at least 1 quart per 2 inches of mound diameter using a bucket, can or other appropriate equipment. Thoroughly wet mound and surrounding area to a 4 ft. diameter (12 sq. ft.). Do not disturb mounds prior to treatment. Pour solution from a height of about three feet to give sufficient force to break mound apex and flow into ant tunnels. For best results apply in cool weather (65-80°F) or in early morning or late evening hours. Repeat application if mound actively reactivates after 10 days. Treat new mounds as they appear. Pressurized sprays may disturb the ants and cause migration, reducing product effectiveness. Do not allow public use of treated areas during applications or until sprays have dried.

LIMITED WARRANTY AND DISCLAIMER

The manufacturer warrants (a) that this product conforms to the chemical description on the label, (b) that this product is reasonably fit for the purposes set forth in the directions for use when it is used in accordance with such directions; and (c) that the directions, warnings and other statements on this label are based upon responsible experts' evaluation of reasonable tests of effectiveness, of toxicity to laboratory animals and to plants, and of residues on food crops, and upon reports of field experience. Tests have not been made on all varieties or in all states or under all conditions. THE MANUFACTURER NEITHER MAKES ANY WARRANTIES, EXPRESS OR IMPLIED, AND IT EXPRESSLY EXCLUDES AND DISCLAIMS ALL IMPLIED WARRANTIES, OR MERCHANTABILITY FOR A PARTICULAR PURPOSE.

Form No. 99 (Revised 1987)

BID, OFFER OR PROPOSAL FOR SALE OR LEASE OF MATERIALS

(Defined at I.C. 36-1-2-9.3)
(Please type or print)

Date: February 13, 1991

1. Governmental Unit: City of Fort Wayne
2. County: Allen
3. Bidder (Firm): Allen County Co-op Ass'n, Inc
   Address: 440 Mourey St
   City/State: New Haven, IN 46774
4. Telephone Number: 219-749-5139
5. Agent of Bidder (if applicable): N/A

Pursuant to notices given, the undersigned offers bid(s) to City of Ft Wayne (Governmental Unit) in accordance with the following attachment(s) which specify the class or item number or description, quantity, unit, unit price and total amount.

The contract will be awarded by classes or items, in accordance with specifications. Any changes or alterations in the items specified will render such bid void as to that class or item. Bidder promises that he has not offered nor received a less price than the price stated in his bid for the materials included in said bid. Bidder further agrees that he will not withdraw his bid from the office in which it is filed. A certified check or bond shall be filed with each bid if required, and liability for breach shall be enforceable upon the contract, the bond or certified check or both as the case may be.

UNITED STATES FIDELITY AND GUARANTY COMPANY

(A Stock Company)

BID BOND

BOND NUMBER .....

KNOW ALL MEN BY THESE PRESENTS:

THAT Allen County Farm Bureau Cooperative Association, Inc.

of New Haven, Indiana

, as Principal , and UNITED STATES FIDELITY AND GUARANTY COMPANY, a Maryland corporation, as Surety, are held and firmly bound unto

City of Fort Wayne for the Park Commissioners

as Obligee, in the full and just sum of Two Thousand Ninety Nine Dollars and Seventeen Cents

(2,099.17) Dollars,

lawful money of the United States, for the payment of which sum, well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, the said Principal is herewith submitting its proposal to furnish chemicals and seeds for the golf course and park.

THE CONDITION OF THIS OBLIGATION is such that if the aforesaid Principal shall be awarded the contract the said Principal will, within the time required, enter into a formal contract and give a good and sufficient bond to secure the performance of the terms and conditions of the contract, then this obligation to be void; otherwise the Principal and Surety will pay unto the Obligee the difference in money between the amount of the bid of the said Principal and the amount for which the Obligee legally contracts with another party to perform the work if the latter amount be in excess of the former, but in no event shall liability hereunder exceed the penal sum hereof.
